Who to contact? Referee Guest

Guest Referral Form 2022

The Jonas Centre believes that by offering holidays at subsidised rates, it can provide people with a welcome break from the stresses and strains of their current situation, a place where they can reflect on issues that affect them, and time which they can spend together.

There is no limit on the amount of times a guest can book or number of applications a referral agency can make. However, valuable income to run the centre is generated during school holidays, consequently the number of subsidised holidays has to be limited during these times. The Jonas Centre seeks to understand and develop the impact of the Subsidised Holiday Scheme. We will follow up a guests visit with a request for evaluation from both the referee and the guest.

Subsidised holiday rate for 2022 is £40.00 per cabin per night. This rate is per referred family, couple or individual. (Any additional adults or children will be charged at £20 & £15 per night respectively)

Reasons for stay

(to be completed together by guest and referee)

Why do these guests need time away?

(In as few or as many words as you like)

What do you hope the outcome of time at The Jonas Centre will be?
